YES - PLEASE REMEMBER THAT WE NEED LOW INCOME HOUSING IN TOWN - SPECIFICALLY EAST BROADWAY SO RESIDENTS DON'T NEED A CAR TO GET TO SCHOOL & WORK. PLEASE REMOVE HOUSING FROM ELIN MONUMENT VILLAGE & MAKE IT INTO A VET - FORT ORD - WILDLIFE MUSEUM W/ BIKE TRAILS THAT HOOK UP TO THE NAT'L MONUMENT & BROADWAY FOR CULTURE & FOOD -

Other comments?

E. BROADWAY SHOULD HAVE WIDE SIDEWALKS & PLANTERS -

Seaside should work within existing city boundaries and not "leap-frog" to Fort Ord lands. There are plenty of great opportunities for developers with the creativity to build upon our shared vision for a vibrant Seaside. Classic Seaside First!

Other comments?

Rebuild - Revitalize - Re-use

It would be excellent to show forward-thinking regenerative projects that have been done in England + Europe so that the planning could truly inform + guide people in effective sustainable design for the future - Incorporate ecological design principles in the process so people can be a part of a visionary future.

Keep ^{Recreate} a core city with a strong
corridors to OSUBM and the
National Monument.
Consider finding ^{walkable} links to the Beach
either on the edge of Sand City or thru
Sand City

Other comments?

Work with FORTAG
Bike plan needs to move beyond just bike lanes on
Broadway & Fremont to include alternative E/W routes
Ord Grove & Kimball(?) and N/S routes that have 4 way stops
or no stops for bikes Suggest Flores, San Lucas and Hillsdale
(model is Going St in NE Portland)

I like the topics and general concepts, interested in the pursuit of more specifics. We need to identify facilities, specific modifications that would ~~benefit~~ enhance residence here. Doing so would also benefit tourism, attracting the frequent and extended-stay visitors to the peninsula.

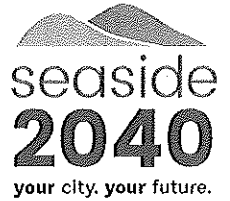

what about:

Other comments?

1. A young peoples' community center: gymnasium, exercise equipment, possibly a pool with low-cost membership to Seaside residents of any age.
2. Enhanced trails and access to the prime natural areas of Ft. Ord
3. New housing availability, low to moderate cost
4. A couple of good quality chain restaurants
5. Athletic fields

REZONING OF SEASIDE TO ALLOW MIXED-USE, WORK+RESIDENT,
AND INNOVATIVE URBAN DESIGN FEATURES WILL BE
PARAMOUNT TO THE TRANSFORMATION OF OUR CITY.
IT WAS APPARENT BY THE DESIGN POLLING THAT
PEOPLE WANT WALKABLE, MIXED USE, GREEN NEIGHBORHOODS.
VAST PARKING LOTS ARE OUTDATED AND A WASTE OF
REAL ESTATE. ANY NEW VISION FOR SEASIDE MUST INCORPORATE
PUBLIC + NON-MOTORIZED TRANSPORTATION OPTIONS.

Value opportunities for Arts & community involvement. Having a cultural center could provide reasons for people to visit Seaside - like they do Monterey & Carmel.

Also like technology park, ~~or~~ childrens hospital, non profit center, etc. for greater employment opportunities.

Other comments?

Thank you for this opportunity to partake in the 2040 vision.

Do you have any comments regarding the Seaside General Plan? Monument Village area

Please have the high density housing along Broadway & main streets, not on the strip along the monument. It would block our views.

Instead, could we have cabin rentals, bike rentals, horseback riding tours, our own little "Big Sur" along that area. Keep development low density there. Have a few cafes (a la MOAB). Attract tourists, keep it open for locals, have places to access the Monument.

Other comments?

High Buildings should be in the lowlands. That area is all sand anyway.

Do you have any comments regarding the Seaside General Plan?

More work/live options downtown.

Now a small business owner is required to pay for 2 locations -- business + home. Why not encourage this mixed use in downtown areas to reduce ~~the~~ cost for small business start-ups or relocations. To increase foot traffic downtown. Maybe w/ a mixed use building allow a residential discount if a business commitment is made.

Please prioritize Access to Ford Ord National Monument.
My preference would be at Seaside East but existing
access at 8th & Bigling should be made user friendly -
