Revised Public Draft Plan + 6th Cycle
Housing Element Release

2040
your city. your future.

The City of Seaside has resumed its efforts to complete Seaside 2040, its new General Plan documenting a shared vision for the future. Since the City publicly released the Draft Plan in 2017, many things have changed, in both Seaside and globally. A new updated Revised Public Draft Plan is now available addressing changes to state law and within Seaside.

Additionally, the City of Seaside has updated its Housing Element as required by state law. The Housing Element's purpose is to facilitate the production of a variety of housing types, at different income levels, in order to accommodate all households and family types.

Come learn more about the updated Draft Plan and 6th Cycle Housing Element at either an in-person or virtual meeting!

Spanish language interpretation will be provided.
